High school has been time spent
growing, learning, and understanding;
time spent finding out who you are
and where you fit in the world.
It's been time spent
growing close to the people
you met along the way,
and time spent making memories.
Now that it's time to graduate,
hold on to your memories
and be proud of what you've accomplished.
As you graduate from high school
remember that your diploma is a symbol
of the knowledge you've gained,
the goals you have set and achieved,
the friendships you have made,
and the person you've become.

But never stop striving and growing,
because there are other challenges
that await you.
Though you'll be saying good-bye
to people and places
that mean a lot to you,
there are others waiting
for you to discover.
As you graduate
I wish for you lifes blessings:
people who love you,
dreams that come true,
strength of mind and body,
deep faith,
a few good, close friends,
and learning that never ends.

Kruize Tice

The Colors of Our Lives

By Lisa Winn

Our lives are filled with color from the start,
and Red is the love that comes from the heart.
Blue is the sadness that drips from our eyes,
but Black is the evil that makes us tell lies.

Green is the shade of Jealousy and rage,
and Grey is the hair that comes with old age.
Purple is the mood most misunderstood,
but White is the color that makes us feel good.

Life is full of meaningful colors,
But especially White, so hold on tight.

Such an adventurous free spirit with a twinkle in your eyes, also a very loving and caring person. Your presence lights up a room with your bubbly personality. You have a glow about you and a zest for life that will take you wherever you want to go. Always have a dream and follow that dream. Remember, God loves you, and keep him close, always. Stacy, you are loved by your family and will be missed when you go to college. As you begin your new journey, always choose your friends; don't let them choose you. Always stay true to yourself. Your are unique, beautiful and special! Never forget that. May God's blessing go with you as you begin this new chapter in your life. Before making difficult decisions, stop, think about it, then pray and ask what would Jesus do?

Best wishes and much love,
Grandma, Papa, and Aunt Kat

Since the day you were born you have brought such sunshine into our lives. You are a blessing from God. You have always made us so proud of you. Your are LOVED so very much. We could not ask for a more sensitive, loving, caring & giving son & brother. One day you will look back and laugh at me for being so OVER protective and all the phone calls you had to make to me to let me know you were ok and that you made your destination. I wish you all the luck and I will support you in all you do.
With all my love,
Mom...

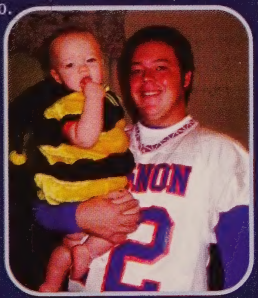
Hey Hey Hey!!!!!
Now that I have your undivided attention, have you figured out we Love You? God blesses those who bless others. You are very special because of being true, good natured, friendly, loving, caring, and thoughtful and forgiving me for being so hard. I wish you so many years of love and happiness.

God bless you-Love always,
Dad



Wil,
We are very proud of you. Congratulations on your great football season. I wish you could have went all the way. We wish you all the best and love you very much.

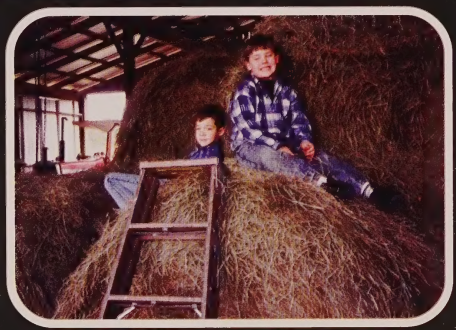
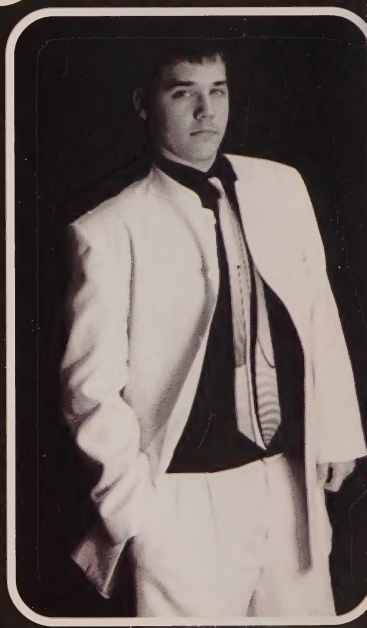
Kruize,

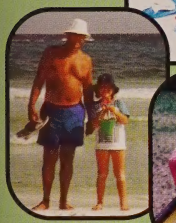
We have enjoyed watching you grow into the wonderful young man you have become. We are very proud of you and love you very much-

Mom & Dad





Stacy Ann Glover



To our baby girl, Stacy,

We are so proud of you! We were blessed with a healthy, good baby and we have so many great happy memories. You have grown to be a special young lady and we hope you will continue to follow your heart and the Lord in all you do (Proverbs 3:6). Remember we will always love and support you and wish you success in all your endeavors. Congratulations & may God be with you.

Love you,

Dad, Mom, Brina, Charles, & Yogi

Jacque Smelcer

Jacque - Bug,

I can't even begin to tell you how proud I am of you! You have accomplished so many great things over the last 17 years. You have went from my cute little girl and become a beautiful young lady. Through the past years I have watched you take on the role of becoming an adult. It has been hard for me to watch you do this because in a way I felt like I was losing my little girl. But I have realized that you are so strong, determined, responsible, and level-headed (most of the time). You have so much in your future - I can only hope that you will remain true to God and remember that you will always find a helping hand, a shoulder to cry on, and an open heart in me!

I Love You With All My Heart,
Mama

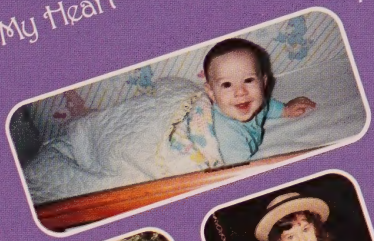
Meagan

To My Dearest Meagan,
I loved you before you were even born. I used to read you story books while you were in your mother's belly. The day you were born I was so excited, I yelled that thank God you were the "Baby Girl" that I had been praying for. Your growing days were filled with tea parties, baby dolls, make-up, hunting, fishing, camping, beaches, Disney, and T-Ball. What beautiful memories we share together of those days. Even today you make my heart jump when I see that pretty smile - wondering what dream you want to pursue for your life. You have all it takes to be very successful in life. We have to turn the page from childhood to adult life. But you will always be my little curly-haired girl with big loving eyes.

God Bless You With All My Heart
Dad

Meagan,
We are so proud of you and we love you with all of our hearts!

Love,
Momma & Zeke



Hayes

Karri & Kortney

You are more like sisters than cousins, we hope you will always be there for each other. The entire family is extremely proud of both of you, for all your accomplishments the last four years. No matter where life takes you after high school, we will always be there to love and support you.

JOHNATHON LEE MILLER

WE ARE VERY PROUD OF YOU !!!
